Special Programs

◆ Understanding HOME

Format: Full Course (recommended): Two-part Webinar – 90 minutes each or half-day workshop - Includes review of income, assets, allowances, over-income tenant adjusted income and rent calculations, calculating rent when combined with LIHTC.

Reader's Digest Version: 90-minute – 2-hour webinar or conference session

Focus: The HOME program is unique. While some of its rules sound a little like Section 8 rules and others sound a little like tax credit rules, HOME compliance works very differently from both of those programs. So whether you are dealing only with HOME or working on a project that combines HOME with tax credits or Section 8, understanding the HOME program is essential. This course covers HOME funding, Low HOME and High HOME Income limits and rents, "fixed" versus "floating" HOME units, leases, inspections, qualifying households, recertification requirements, calculating rent at recertification, documenting and calculating income, effects of combining LIHTC HOME on income limits, rents, compliance, noncompliance, and concludes with a quiz to find out what you have learned.

◆ Are You Ready for RAD?

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

Focus: HUD's Rental Assistance Demonstration (RAD) program, created in 2012, is having an impact on public housing and HUD's Rent Supplement, RAP and Mod Rehab projects. This voluntary "preservation" program is helping to stop the loss of affordable housing. It is also providing new opportunities for experienced affordable housing developers, managers and agents from the private sector to partner with PHA's. As of January 2018, HUD had closed RAD transactions on more than 800 public housing properties as well as 200 Rent Supplement and RAP projects and a significant number of Mod Rehab homes. Learn what RAD is, how it changes the properties that convert, and how your skills may be needed in this ambitious effort to leverage private capital to preserve assets and offer residents greater choice and mobility.

Blended Programs

◆ The Challenges of Managing Combined Funding Properties:

Format: Basic: 90-minute webinar or a 1¼ - 1½ hour conference session.

Advanced: 6-hour stand-alone Workshop

Focus: HUD and RD are encouraging and Owners are increasingly turning to the use of multiple funding programs to acquire and recapitalize affordable housing properties. This session provides an in-depth review of the potential conflicts and challenges of managing such combinations and encourages the participants to think through and resolve typical problems they may encounter. The course covers more than 40 areas of difference among the compliance rules and processes managers encounter when owners mingle project-based Section 8, older HUD programs, Rural Development, HOME, Housing Choice Vouchers, Low Income Housing Credit, Tax-Exempt Bonds, and the Rental Assistance Demonstration (RAD) program.

A real-world practicality will be included as a sample of "Student Rule Challenges" are presented and solved throughout the course.

◆ Calculating Income with Blended Financing

Format: 90-minute webinar or 1¼ - 1½ hour conference session

◆ Blended Program Challenges: Student Eligibility, Over-Income, and Rents

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

Focus: An overview of the areas of difference when LIHTC, HOME, Section 8, Bond, and RD programs are blended plus a closer look at managing the differences in student eligibility rules, treatment of over-income households, and rent calculation.

◆ Handling an MOR on a Tax Credit Property

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

Focus: With so many HUD properties recapitalizing with tax credits, managers are now faced with state agency compliance audits as well as Management and Occupancy Reviews by the PBCA. This session will review the keys to a successful MOR and discuss the special issues that arise when your property is layered with tax credits.

◆ Transitioning to Tax Credits

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

Focus: The owner informs you that she is adding a layer of tax credits to your Section 8 property to provide funds for capital improvements and modernization. "You already know how to do Section 8," she adds. "How hard could it be?" How does the change effect your residents, your applicants, and your management practices?

This interactive session includes how to fair-housing-proof your maintenance procedures, communicating with tenants who don't speak your language or are hearing-impaired, what to do if a tenant has a communicable disease, how to deal with clutter, what to do about suspected child abuse and more . . .

◆ How to Write an (Approvable) AFHMP

Format: 90-minute webinar or 1¼ - 1½ hour conference session

Focus: Managers should not need a course in statistics or even an MBA to develop an AFHMP that meets the requirements of the current 935.2A form. Using HUD's instructions, the webinar takes the participants through the process of completing a sample AFHMP including how to obtain and interpret the census data, how to identify community contacts and work with the field office, and how to expedite the approval process. Gwen has prepared, reviewed and revised dozens of AFHMP's for national companies and non-profits in numerous states – for HUD, RD and even state agencies that require them. Let her show you how it's done.

◆ How to Implement an AFHMP

Format: 90-minute webinar or 1¼ - 1½ hour conference session

Focus: So you've written your Affirmative Fair Housing Marketing Plan and HUD, RD or the State Agency has approved it. Now what? This course reviews where the information came from and what it means, teaches you how to implement and train staff on the plan, keep and organize records, track results, and prove ongoing compliance. ◆ Reasonable Accommodation

Format: 90-minute webinar or 1¼ - 1½ hour conference session

Focus: Live-in aids, assistance animals, assigned parking . . . What is reasonable? What is necessary? When and how do you verify that the accommodation is related to the disability? HUD and RD properties are required to periodically look at the LEP profile of their residents and market area and update their plan to provide meaningful access. But even a tax credit or market rate property could be in trouble if LEP persons face barriers to applying. Come to this session and learn what to do about LEP.

SIGNATURE COURSE CATALOG

Disparate impact isn't anything new - it is a basic principal of Fair Housing Law. But ever since HUD issued new guidance on disparate impact and the Supreme Court better defined it, Fair Housing advocates, aggrieved persons and their attorneys have been filing complaints against providers of housing based on "disparate impact discrimination." This course is a practical look at disparate impact, how it relates to the prohibited activities under the Fair Housing laws, and how recent court cases are treating these claims.

◆ COQ Made Easy [FREE]

Format: 90-minute webinar hosted by you or by GWEN VOLK INFOCUS, INC.

Focus: Do you have an unfinished Communities of Quality application under a pile on your desk? Have you been procrastinating on even starting one? This workshop takes the mystery, fear, dread and anxiety out of the COQ application process. Learn how to:

◆ Service Programs on a Shoestring

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

Focus: Not everyone is lucky enough to have professional service coordinator on staff. Nor can all properties afford to hire an outside service contractor to coordinate their activities. Tax credit properties and bond properties generally come with a requirement for programs to enrich the quality of life of residents but generally do not have budgets that provide much to invest in such things. Take it from someone whose properties won two national awards- largely for their outstanding service programs - without benefit of large budgets or professional service coordination: You too can do quality programs on a shoestring.

◆ Communicating Effectively: I Can't Hear You! (There's a Banana in My Ear)

Format: 90-minute webinar or 1¼ - 1½ hour conference session.

This course goes beyond the codes with straight talk about doing the right thing.
